A Tribute to a Cinematic Maestro: The Music of Hans Zimmer

With The Music of Hans Zimmer, **Lords of the Sound** pays homage to one of cinema’s greatest living composers. The concert features epic selections from beloved blockbusters including: **Dune, The Dark Knight, Inception, Pirates of the Caribbean, Interstellar, Sherlock Holmes, The Lion King, Man of Steel,** and more. Audiences will be swept away by the intensity, beauty, and power of Zimmer’s iconic scores performed live.

A Fusion of Power and Passion

Led by conductor **Nazar Yakobenchuk** and featuring standout soloists **Illia Skrebnov** and **Yaroslava Taran**, **Lords of the Sound** blends classical tradition with rock energy for an electrifying performance. The orchestra has enchanted audiences across Europe, most

recently completing a 60-show tour in France and a 30-show tour in Germany—each to sold-out venues and standing ovations.

The visionary behind this global phenomenon is **producer Andrii Novatorov**, whose mission for over a decade has been to unite music and cinema in emotionally resonant, large-scale productions. His bold creative direction—fusing classical and electronic instruments—has pushed the boundaries of orchestral performance and earned international acclaim.
